

Boletín Nov/Dic 2017 del Centro Lasallista de Homestead

(Newsletter Nov/Dec 2017 LaSalle Center – Homestead)

Our mission consists on offering hope and opportunities for the children, the youth and the adults at South Dade Camp.

Life has taught us, that the essential purpose is that everyone discovers the dignity, joy and consciousness of their own life.

A grain of sand can stand a pyramid, a piece of bread can save a life, a drop of water brings a plant back to life, and you are much more than a grain of sand, a piece of bread and a drop of water.

Remember we are all important, everyone has a purpose in this life.

We invite you to join our Lasallian community, as a student, as a family, a volunteer, or a benefactor.

November– December

The beginning...

"I didn't know the place, but I saw immediately the urgent need there was in South Dade, in every aspect, from an economical perspective, educational and emotional as well.

It was a joy and a blessing, meeting Mr. José Dorado, I was deeply motivated by his humbleness and his will to help.

Adults and teens, didn't know how to write, it was such a poor community, but at the same time they were very

religious, they never missed any of the reunions that I organized.

We decided to start, with a group of children, I remember they were restless. The idea came from old Lasallian alumni, but I believe the idea really came from God, there was so much to do, so we started offering workshops such as sewing. Thanks God, everything started working out.

Just around that time, the hurricane Andrew came, all our hard work was destroyed, there was only a Christ left, but we kept working, even in the floor, it was a really hard experience but extremely gratifying, the youth was really supportive towards the cause. Every time someone asked, How is this possible? I replied, I'm just trying to do what Jesus did, call them by their name, and give them love.

We have faced, big obstacles, and the phrase that always accompanied me was "If this work is of God, this is not going to end." I admire the perseverance, and it's clear that this is the work of God.

-Sister Soledad Mendoza

Afterschool

Academic reinforcement
Workshops, cooking, art,
science experiments,
sports and theater.

Adult classes

Computing and english
lessons
Sewing workshop.
